

EMERGENCY KIT CHECKLIST

WARNING TRIANGLES

- Warns traffic and marks a disabled truck.
- Check for cracked cases and missing stands.

FIRE EXTINGUISHER

- Responds to small electrical, fuel, or engine fires.
- Inspect the mounting bracket, pressure gauge, pin, and service date.

FIRST AID KIT

- Treats minor cuts, burns, and sprains.
- Replace expired, opened, or wet supplies.

REFLECTIVE VEST

- Improves driver visibility near traffic.
- Replace faded, torn, or soiled vests.

WHEEL CHOCKS

- Prevents truck movement during emergencies.
- Inspect for cracks and worn tread.

CHARGED CELL PHONE

- Provides access to emergency services and dispatch.
- Inspect for cracks and worn tread.

PHONE POWER BANK

- Provides backup power during an electrical failure.
- Recharge monthly and before long trips.

LED FLASHLIGHT

- Provides visibility inside the cab, engine bay, and roadside area.
- Test monthly and replace weak batteries.

DRINKING WATER

- Supports hydration during breakdowns and heat exposure.
- Replace after prolonged heat exposure or when date limits expire.

ACCIDENT REPORT KIT

- Organizes insurance, carrier, vehicle, and witness information.
- Review documents twice per year.

LED HEADLAMP

- Keeps both hands free during inspections and repairs.
- Test monthly and carry spare batteries.

HIGH & MEDIUM SUPPORT GEAR

• Personal Protection & Survival

Heavy-duty work gloves, safety glasses, rain jacket, emergency blankets, sleeping bag, spare clothing, winter gloves and hat, hand warmers, electrolyte mix, sunscreen and non-perishable food.

• Communication & Lighting

Spare batteries, charging cables, 12-volt adapter, laminated emergency contacts, two-way or CB radio, and a red warning flag.
